

Amen | HTB Worship

V1

We've built kingdoms in our own names
We've been distant, walked our own way
Seeking idols and not your face
But Father you're too precious to us to
trade away

Chorus

So we come again
Kneel at your feet again
And we say amen
Let your will be done in us

V2

We've seen injustice and let it be
Drawn our own lines on your masterpiece
So with repentance, in humility
Father form in us the Church you long to
see

Chorus

So we come again
Kneel at your feet again
And we say amen
Let your will be done
Oh we come again
Kneel at your feet again

And we say amen
Let your will be done in us

Bridge

With no questions, no reservations
Here we are King of love
You have our hearts
Let justice roll like a mighty river
On and on as we pray
Your Kingdom come
With no questions, no reservations
Here we are King of love
You have our hearts
Let justice roll like a mighty river
On and on as we pray
Your Kingdom come

Chorus

So we come again
Kneel at your feet again
And we say amen
Let your will be done
So we come again
Kneel at your feet again
And we say amen
Let your will be done in us
